CBSE FAR-EAST ZONAL SWIMMING COMPETITION 2022-23

The competition started with the opening ceremony of the Far-East Zonal CBSE swimming competition. Students performed Sua Chhattisgarhi dance and mesmerized the crowd of the Far East Zone. The event culminated with the closing ceremony & the school Principal blessed the students for their better future.

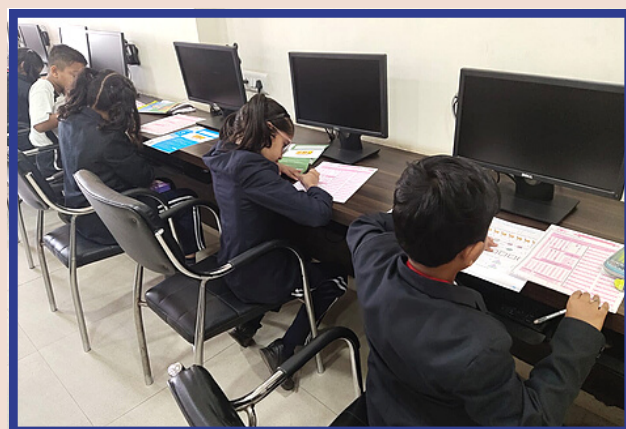

Open House

The parents and guardians were given a vivid picture and knowledge with minute details while assessing the 3rd Periodic Test.

Olympiad Examination

Bird Feeding Activity

Feed your chirpy friends! ·
Birds are good, but not your food · Don't kill birds blindly,
save them very kindly · Birds
make you smile, let them live
for a while!

International Anti-Corruption Day

Grade 6

International Anti-Corruption Day was celebrated through a special assembly where students were enlightened with the knowledge of Anti-Corruption.

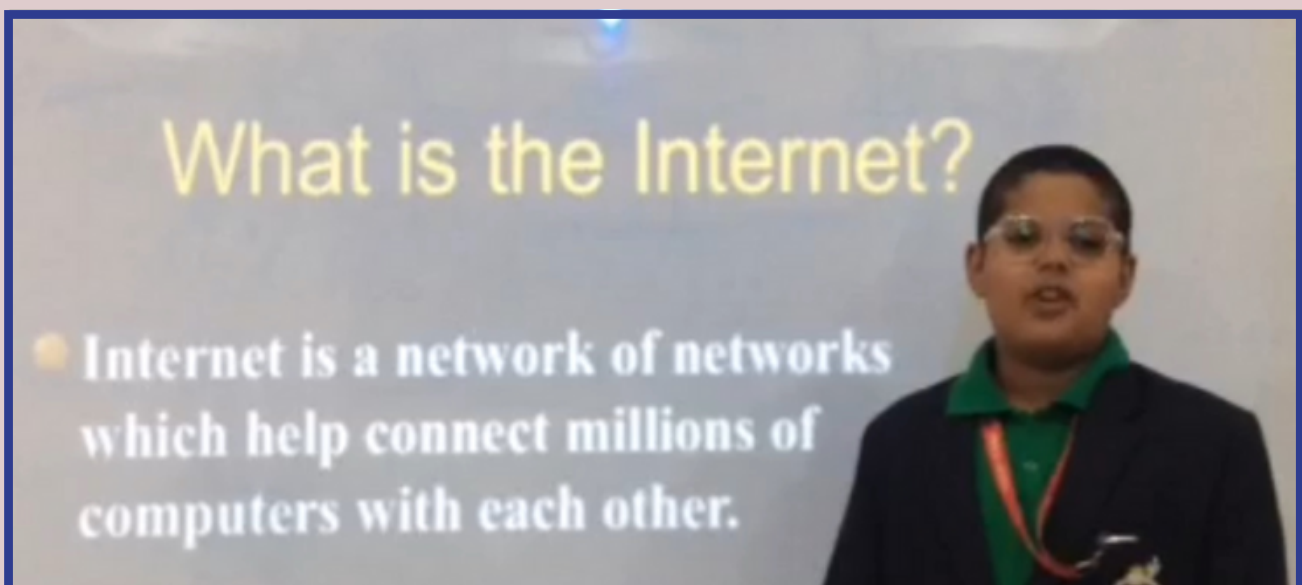

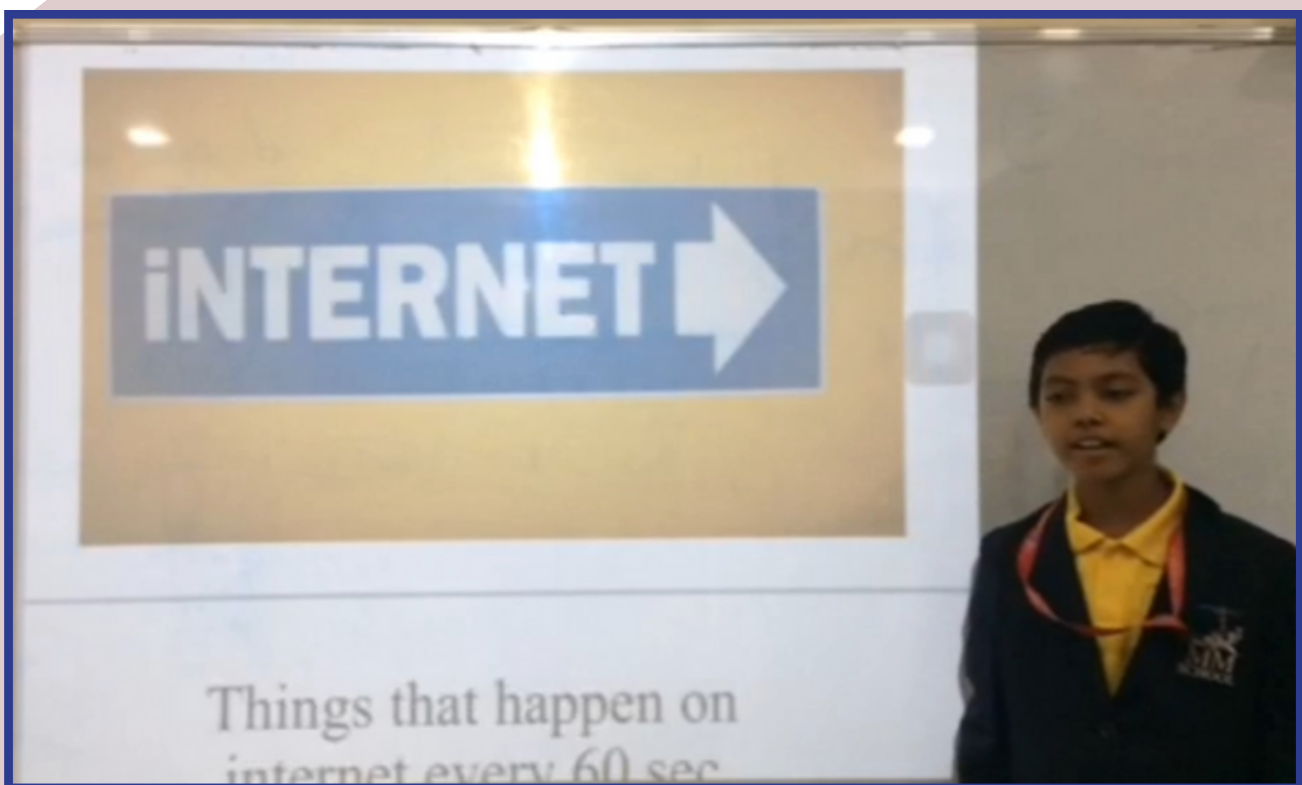

Seminar on “The Internet”

Grade 7

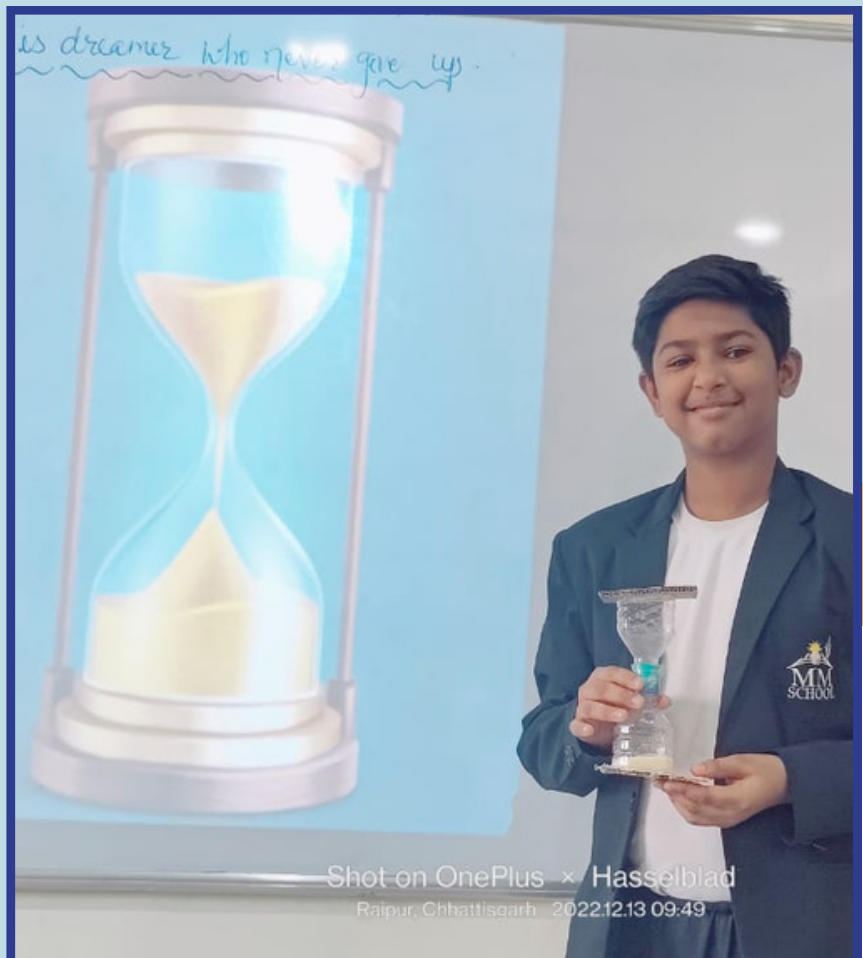

Internet is a concept that encompasses various objects and methods of communication to exchange information. Keeping in tandem with this thought a seminar was conducted with a vision that everything should be connected to the internet.

Study of Time

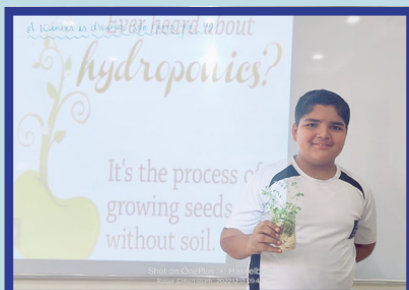

Children learn and benefit maximum through Project Oriented Activities. The time concept was taught to the children of Grade-7 through this methodology.

Hydroponics

Students of class 7 learned about Hydroponics which is a type of horticulture which involves growing plants, usually crops or medicinal plants, without soil, by using water-based mineral nutrient solutions in aqueous solvents.

Achievements

Reyansh Jain from grade 2 bagged second prize in Skating Competition held in KPS as a participant of C.B.S.E Zonal (Far East Zonal Skating Competition.)

Achievements

Priya Soni of Grade 7 participated in the Second National Finswimming Championship at Pune.

Art Integration

Through Art Integration the students displayed the understanding of Religious Path (Bhakti) during the Special Assembly through the different characters involved in the Bhakti moment.

English Activity

'Small steps can inspire others to make Big changes.'

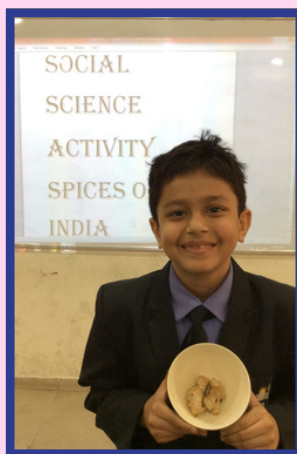

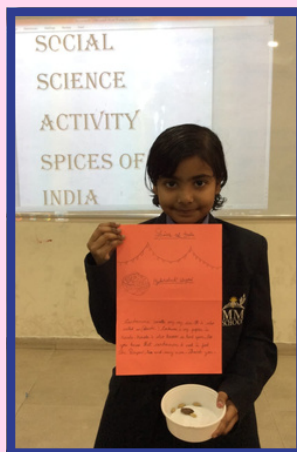

Grade 4 students performed an activity on the Wellness of the Environment.

Social Science Activity- Spices of India

The students learned about the spices of India through the experiential learning. They learned about different spices found in India and how they are used in Ayurvedic medicine. They also learned about the various spices from all over the world which have their own distinct essence, flavouring colour and aroma.

Hand Wash Campaign by Rotarians

**'Don't wait for commands! Wash your hands!
Make it a clean scene, practice good hygiene.'**

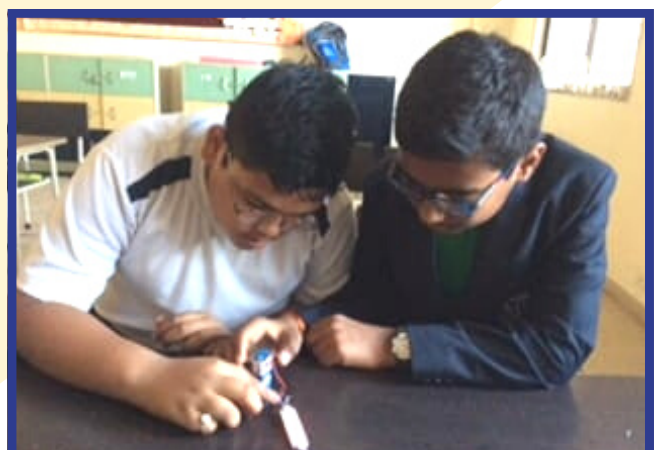

The aim of the activity was to make the children aware that washing hands properly helps in preventing spread of infection. The children were advised that they must practice hand wash at key times such as after using the toilet or before eating food. The hand washing instructions were given to them which each pupil observed and followed.

Electric Circuit Making

Students experienced the Electric Circuit Making by using batteries, wires, small light bulbs and light bulb holders. They also explored the phenomenon of electricity flow differentiating between an open and a closed circuit.

Children's Happy Learning being close to the Nature

'There is no better feeling than to watch your plants grow and produce food for you and your family.'

Children gained significantly from this happy experience.

Role Play

Role Play by Grade 4 Students

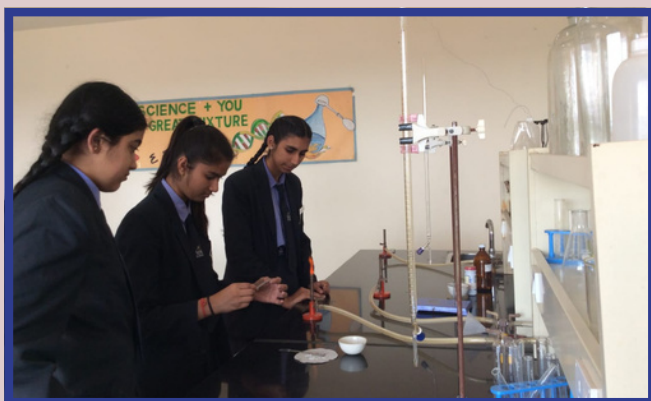

Experiential Learning- Flame Test for Basic Radicals

Grade 12 students performed flame test for basic radicals found in the compound.

Brick red color of Calcium, Golden yellow colour of Sodium, blue colour of Copper, apple green colour of Barium was tested by them.

Christmas Celebration

The spirit of giving and sharing was inculcated among the MMites. The essence of Christmas came alive when Santa Claus himself went into the classes. The boundless joy of celebrating the festival was amply visible on the faces of the children especially when Santa moved around distributing sweets to them.

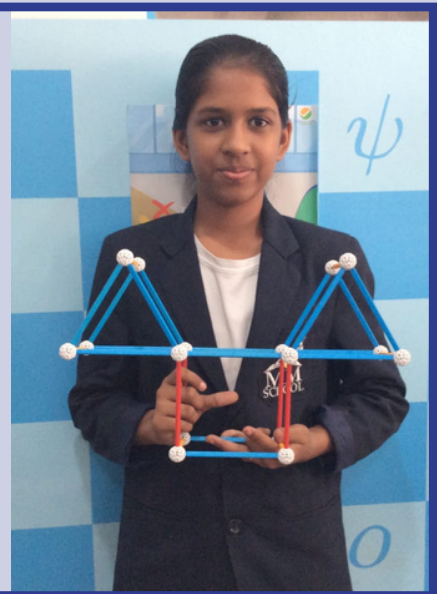

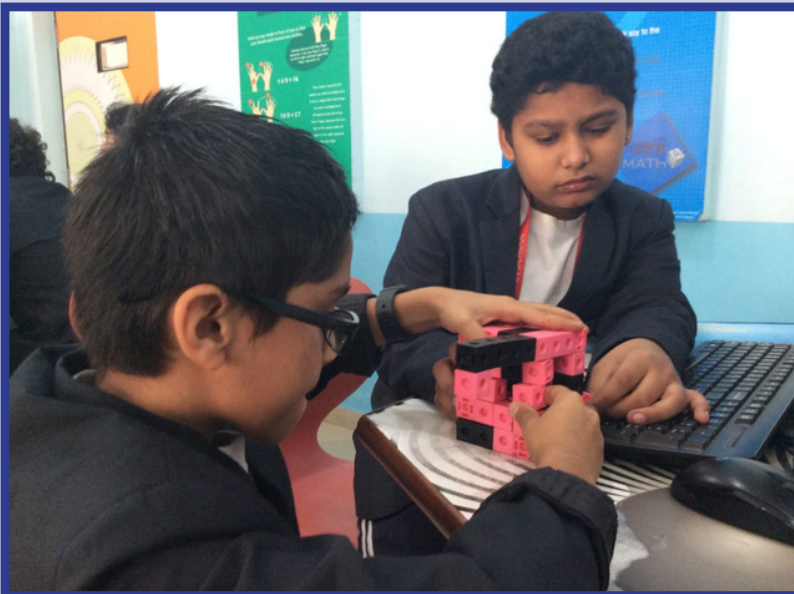

Logical and Critical Thinking

Topic - Volume of Cube and Cuboid.

Students created 3-dimensional models using nets. This hands on activity helped the students to identify the types of Prisms (Cube, Rectangular, Triangular).

Through project based learning the students learned and explained the concepts of grammar in groups.

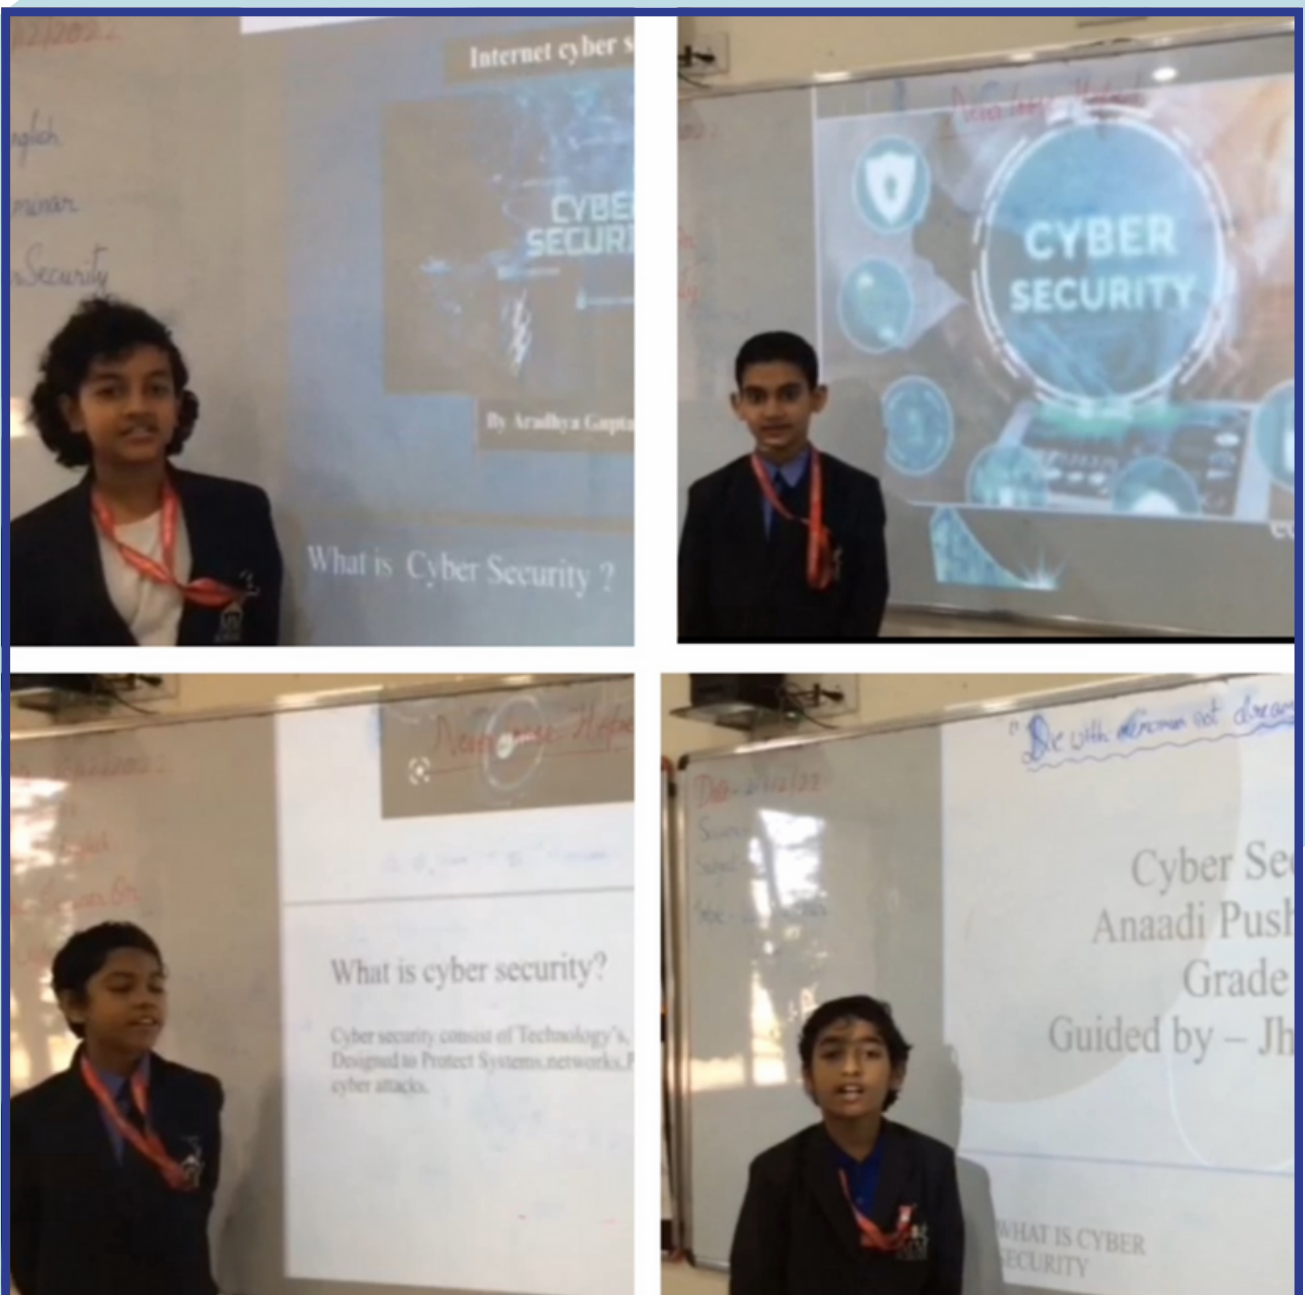

Seminar on Cyber Security

“If it’s smart, it's vulnerable.”

The students took a seminar on Cyber Security where they learned about the safety & security to be followed being online.
