BIRD FEEDING ACTIVITY

Feeding birds everyday is a divine and auspicious culture followed in MM School. Students are nurtured with the positive vibes "Live and Let Live!".

DISTRICT BADMINTON CHAMPIONSHIP

Ayesha Nizami wins badminton championship at the district level competition under eleven singles, she was felicitated by Principal Dr Sanjoy Bhattacharjee.

SARVANG COMPETITION

Sachi Bagri participated in the most prestigious Sarvang Solo and group Classical Dance Competitions. Which was judged by the most prestigious judges of Khairagarh University. She won the second place in solo dance competition and bagged first place in group dance.

FELICITATIONS

Sonakshi Nankani was felicitated by Dr Sanjoy Bhattacharjee for her exemplary performance.

INTERNATIONAL YOGA DAY

Students are embracing the spirit of International Yoga Day by practicing yoga at home, proving that dedication and mindfulness can flourish anywhere. While the teachers cherished the same at school.

UNDERSTANDING STUDENTS PSYCHOLOGY

Dr Sanjoy Bhattacharjee guided his team conducting a workshop on Understanding student's psychology for establishing a better learning environment in the classroom domain explaining the different understanding on autonomy, competence and relatedness in Child Psychology

MICRO TEACHING

A four day micro -teaching session was organized for the teachers by the Principal Dr Sanjoy Bhattacharjee. Through micro-teaching the behavior of the teacher as well as the pupil is modified and the teaching-learning process becomes more effective through skill training. To make the teachers ready to take up real-time classes with confidence. It helps in developing the knowledge, skills, and capabilities of the teachers. Each faculty was furnished with a feedback by Principal Sir so that the faculty members cherish themselves.

TEACHERS ORIENTATION ON CLASSROOM MANAGEMENT.

Implementing rules and regulations for a proactive and positive approach to classroom management was enthralled by the teachers at an workshop which was conducted by Dr Sanjoy Bhattacharjee. Teachers were benefited as they got the complete guidance on the sector on how to create a classroom and make the kids feel welcome, valued, useful , challenged, respected and physically and psychologically safe was the agenda.

WELCOME ASSEMBLY

Teachers prepared a welcome assembly to welcome the students making them feel special and develop a sense of belonging and gratitude!

IMPORTANCE OF MICRO, SMALL, AND MEDIUM ENTERPRISES

A seminar on the Importance of Micro, Small, and Medium Enterprises (MSMEs)
•Employment Generation was conducted on 27th June 2024. MSMEs account for almost 90% of businesses, More than 60% of employment, About 30% of India's GDP. It contributes about 40% to the total exports of India
Thus, the importance of MSME in the growth and development of India is vital.

SPECIAL ASSEMBLY CONDUCTED BY GRADE 9 STUDENTS

In essence, the Grade 9 students at MM School hosted a special assembly on July 1, 2024, to honor the crucial roles of doctors and chartered accountants in society. The event featured guest speakers, including prominent local doctors and a distinguished chartered accountant, who shared valuable insights with the attendees.

ARTICLE SORTING ACTIVITY

Learning by doing. kids enjoying Article sorting activity. Learning article not only improves their speech and language skills but will also benefit them academically later.

ROMANTICISM SPEAKS

The Grade 6 students beautifully captured the essence of the Romantic era, focusing on nature and individual emotion. Their anthology of poems showcases their creativity and poetic skills, with each student contributing exotic words and expressions.

SDG AWARENESS ACTIVITY

Coloring for a cause! Our students are learning about SDG and promoting health and wellness through art. The Students bring to life vibrant images illustrating the importance of Good Health and well-being.

INDOOR GAMES FEST

Table Tennis and Chess dominated the Inter House Indoor games fest at MM School. Students enjoyed the games and Samgraha house bagged the prizes.

Global Principal Conclave
Principal Dr Sanjoy Bhattacharjee was invited as the keynote speaker in Global Principal Network conclave, Raipur division. The meeting took place at Venkateswara Signature School. He was given the topic of "Measures that can be taken to develop the global education fraternity". He enjoyed the gathering and felt proud to represent MM School.

COLORING ACTIVITY

A colorful activity was organized for the children of class 1 to 5 in our school. The objective of this activity was to encourage interest towards creativity and art among children. The activity was organized in the school. Children were given an opportunity to express their imaginations and interests on the theme "Life on Earth". The duration of the activity was one hour, in which the children displayed their unique talents.

The following criteria were adopted for the activity: 1. Creativity and Originality 2. Technical Skills 3. Creation and Design 4. Presentation 5. Artistic Expression and Impact Thus, the event proved to be an important experience for the children, thereby enhancing their creativity and exposure to art.

SPECIAL ASSEMBLY

A special assembly was conducted to energize the students by celebrating the birthday of former cricket captain Sourav Ganguly.

LEARNING BEYOND THE CLASSROOM!

Students at MM School are immersing themselves in experience-based learning. The recent Chariot Festival celebration provided hands-on opportunities for students from grades 1 to 6 to learn about shapes and angles in math, the cultural heritage of Odisha in social studies, and writing skills in English. This integrated approach makes learning fun and meaningful, connecting classroom lessons to real-world experiences. It's a testament to our commitment to innovative and comprehensive education.

REVIVING 'THE CHARIOT CARNIVAL'

The students of grade-6 enhanced their creative writing skills by learning how to write a report. The students enhanced their planning skills, writing skills, analysis skills, brevity skills, graph and chart-making skills, editing skills, reading reports created by others and building an outline.

This activity was in conjunction with the Chariot festival which was celebrated on the 6th of July 2024. The students were very much involved in the festival, where they were asked to make a strategy witnessing each and every small proceedings going on. The report writing activity came out with various informations and colours where each one came out with unique observation!

MIME

"Words are not necessary when you have the art of mime."

Enhanced Nonverbal Communication: Improved ability to convey emotions and stories without words.
Increased Body Awareness: Greater control

and understanding of body movements and gestures.

Creativity and Imagination: Development of creative thinking and the ability to imagine and express different scenarios.

Expressive Skills: Enhanced ability to express a wide range of emotions and characters through physical movement.

MY FAVORITE FOOD.

Exploring 'My Favorite Food': Students dive into the world of nutrition, learning to create balanced meals and categorize foods into energy, body-building, and protective groups. Students have learned the importance of healthy food items. They are encouraged to eat green vegetables.

Godriwala Presents

**EXPRESSIVE PEBBLE ART:
EMOTIONS IN COLOUR.**

MY EMOTIONS ARE MY
STRENGTHS.

**FORMATION OF 'THE STUDENTS'
COUNCIL' AT MM SCHOOL FOR THE
ACADEMIC YEAR OF 2024-25**

At MM School, Raipur, we cherish the freedom to choose and express ourselves, embracing the principles of democracy. As one of the world's largest democracies, our future leaders are today's students. MM School fosters leadership and public speaking

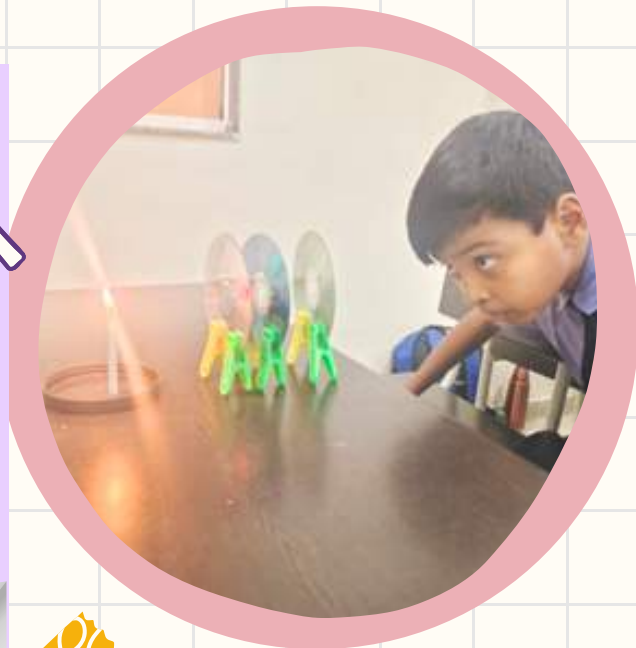

skills, encouraging students to actively participate in school governance. Our student council plays a vital role in representing the student body, organizing events, and advocating for student rights. This experience nurtures essential life skills, such as communication, problem-solving, and teamwork, preparing students for future success.

EXPLORING RECTILINEAR PROPAGATION

"Exploring rectilinear propagation in today's science activity was both fascinating and informative! We observed how light travels in straight lines through various materials. Here are some snapshots capturing our exploration and discovery. Science is truly amazing!"

PATTERN MAKING ACTIVITY.

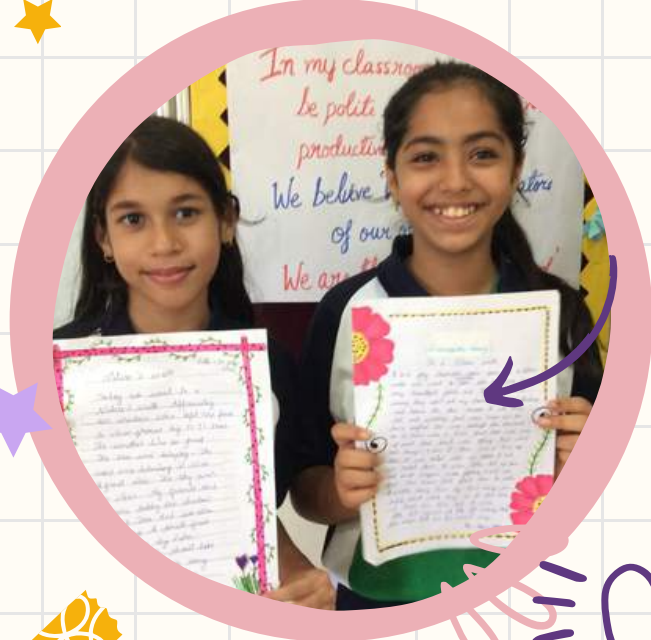

"Doing Mathematics always means finding patterns and crafting meaningful and beautiful explanations." - Paul Lockhart

Pattern making is a very interesting activity that is effective for learning and enhancing Math skills. This activity was great fun for Grade 1 students and it is a fun way to discover patterns. This activity helps kids learn

it in a gratifying and engaging way. In this activity, students used the cutouts of different colours. These pattern activities will help kids learn patterns and apply that knowledge to other math situations."

It is a fun way to discover patterns. This activity helps kids learn it in a gratifying and engaging way. In this activity, students used the cutouts of different colours. These pattern activities will help kids learn patterns

COMMITMENT TO QUALITY EDUCATION AND BETTER LIVING

At MM School, we prioritize each child's well-being, recognizing the importance of personal attention from teachers and staff. This approach fosters emotional connections, creating a positive learning environment. On July 13th, our Principal, Dr. Sanjoy Bhattacharjee, along with kitchen staff Chef Manoj and Chef Ganesh, prepared a special lunch to encourage students to maintain a hygienic dining area. The event was a great success, and we're committed to continuing our dedication to quality education and better living.

NATURE WALK

The students from Grade-6 went for a nature walk where emphasis was not on finding out names or identifying things as one might do on a 'nature walk'. They learned to develop the tenacity and patience needed to simply watch nature. Sometimes children are accustomed to the fast paced changes and excitement that nature shows on television can provide. But they soon learned that nature really has its own rhythm and takes time to unfold its movement; it is not an entertainment but more the reward of diligent observation and sustained interest.

WORLD YOUTH SKILLS DAY.

A Special Assembly was conducted by the students of grade VII expressing the importance of World Youth Skills Day

COLORING FOR A CAUSE!

Our students learning about SDG and promoting health and wellness through art.

The students of Grade 3 and 4 passionately engage in an SDG awareness activity, bringing to life vibrant images illustrating the importance of Good Health and well-being.

NORTHERN MOUNTAINS

Scaling Heights Together: Journeying to Mount Everest through Knowledge and Collaboration! Students embarked on an educational journey, conquering quiz hurdles as they aimed for the summit of knowledge

TABLE MANNERS SESSION

The key skills emphasized included: washing hands before eating, sitting properly, expressing gratitude for food, using a handkerchief, requesting items politely, avoiding noise with utensils, using cutlery correctly, and incorporating phrases like 'please,' 'thank you,' and 'sorry.' Additionally, the session highlighted the importance of walking properly, maintaining discipline, and politely asking for food, thereby fostering respectful and refined dining habits. This initiative was designed to cultivate proper dining etiquette and instill essential skills in our young learners.

INTER-HOUSE DECLAMATION COMPETITION 2024-25!

We're excited to announce the conclusion of the Inter-house Declamation Competition for Grades 6 to 8 on July 12, 2024. Our talented young speakers delivered powerful speeches on diverse topics, showcasing their eloquence and confidence. The event was a thrilling display of talent and passion, with students from various houses competing for the top spot. Classes 6 to 8 and 11 & 12 attended to cheer on these budding orators and enjoy a day of eloquence and creativity.

VERIFICATION OF LATTICE METHOD

The students of Grade-4 have learnt an easy way of doing multiplication through the strip method. Through this activity they were also able to verify the Lattice method of multiplication with hands-on practice. This will definitely help them link theory with practicality

प्रकृति और हम' हिंदी रंगपूरण ,रिपोर्ट / प्रतिवेदन लेखन ,अनुच्छेद लेखन

"प्रकृति की रक्षा हम सब की जिम्मेदारी
|
इसे पूरा करने में न करो आनाकानी ||
यह न रही तो ,हो जायेगा सब खतम |
यह बात सबको समझाए हम |

छात्र इस गतिविधि के द्वारा अपने को
प्रकृति से जोड़कर उसके महत्व को
समझने का प्रयास करेंगे |
